Inclosure 1 in No. 52.

The Chief of the Mosquito Indians to the Earl of Rosebery.

My Lord,

Blewfields, March 8, 1894.

I HAVE the honour to transmit to your Lordship, for presentation, a Petition addressed to Her Most Gracious Majesty the Queen, signed by myself, Indians, and other inhabitants of the Mosquito Reservation, touching the lamentable state of the Reserve through the forcible possession and occupation by Nicaragua of the Reserve.*

I have, &c.

(Signed) ROBERT HENRY CLARENCE,

Chief of the Mosquito Indians.

Inclosure 2 in No. 52.

Petition.

To Her Most Gracious Majesty Queen Victoria, Queen of Great Britain and Ireland, and Empress of India.

May it please your Majesty, the humble petition of the undersigned Robert Henry Clarence, Chief of the Mosquito Reservation, Indians, and other inhabitants,

Sheweth:

THAT on the 10th February past the Nicaraguan Government landed, with officers and men, about 200 Nicaraguan troops. As the detachment was numbered off they unfurled the Nicaraguan flag, and three cheers were given for Nicaragua. The troops were then marched along the street under arms, with fixed bayonets—this happened at about 9 o'clock at night—they then marched and took quarters in an old condemned steamer called the "Mabel Conneaux." On Sunday, on account of parade, blowing of bugles, and rattling of drums, the inhabitants became much excited; the day, however, passed off, and at midnight, when deep sleep was upon the peaceable and defenceless inhabitants of Blewfields, the Nicaraguan officers and their armed men, with loaded guns, fixed bayonets, revolvers, bowie knives, and other dangerous weapons, rushed on the several districts of the town, and took charge of the several Government buildings and the arms of the police, and at daybreak hoisting the Nicaraguan flag, ignoring the Municipal Government of the Mosquito Reservation, and proclaiming martial law; were it not for the timely advice that was given to the inhabitants days previous there might have been untold trouble, but the people was quiet, and was advised to suffer all hardships and insults, and to appeal to your Majesty's Government, and to lay this complaint of our wrongs at your Majesty's feet.

That petitioners suffered during the time of martial law grievances as only those who know the tyranny of Nicaragua could tell.

That many of our women and children, for their lives and for the peace and safety of the inhabitants, had to take refuge in the bushes at night, and were insulted and kept in slavish fear by day.

* A large number of the names attached to this Petition were not signed by the petitioners, but were written for them, and marked by them with a ×.

That petitioners have to thank Almighty God and the timely aid afforded by the gallant Captain of your Majesty's ship "Cleopatra," who at once relieved the great danger of the situation by his prompt action, and his kind and courteous assurances of having all things settled and in order.

That petitioners at present are feeling safe under the great vigilance of your Majesty's marines, who are now in charge of the town, but the inhabitants cannot but remember, with aching heart and troubled minds, of the Spanish occupation of this town a few days past, and petitioners are assured and feel confident that if your Majesty withdraw from the situation, our lives—the lives of men, women, and children—will be as nothing in the hands of these revengeful invaders, as we have affirmed assurances that vengeance will be taken as soon as opportunity offers, and that without mercy.

That petitioners now will not burden your Majesty with lengthened details of this sad occurrence, but we leave it entirely to the loving and experienced mind of your Majesty to conjecture in what state this Petition leaves us, when we tell you that we will be in the hands of a Government and people who have not the slightest interest, sympathy, or good feeling for the inhabitants of the Mosquito Reservation; and as our manners, customs, religion, laws, and language are not in accord, there can never be a unity, and therefore we ask humbly and respectfully that your Majesty will take our case in your consideration, and not allow a forcible incorporation, or that no pressure or undue influence be exercised with a view to obtain the consent of the people, as Nicaragua have in her employ tramps, speculators, and men of the baser sort, who are endeavouring by unfair means to bring about the incorporation. We most respectfully beg to lay before your Majesty, and to submit to your Majesty, to take back under your protection the Mosquito nation and people, so that we may become a people of your Majesty's Empire, who shall ever be devoted and obedient to your Majesty and your Majesty's Government.

That petitioners beg to draw your attention to the occupation of the city of Rama and all the other stations along the coast within the Mosquito Reservation. That Nicaragua and the Nicaraguan Government are now levying import and export duties, granting concessions of the natural products, and using and appropriating to her own use the revenue of the Mosquito Reservation thus collected.

That your petitioners refrain from enumerating evidence concerning the pretext of the Nicaraguan Commissioner to the Reserve, charging the Reserve with acts of rebellion, as your Majesty's Consul will adduce sufficient to refute his false statements. To this our mode and manner of life will be evidence in itself, which can be attested by all the world.

And your petitioners as in duty bound will ever pray.

Blewfields, March 8, 1894.
